MODERN HOMES.

By BARRY BROS., Owners,
Rooms 417 and 418 Inter Ocean Bldg.,
130 Dearborn-st.

We wish to say a word in regard to our method of doing business. We sell only our own property and buy everything—land, material, and labor—at wholesale, employing only skilled labor, which we hire by the year, as we have work for them all the time. We give our customers the benefit of all this, as well as of our own personal experience in this line, exclusively for years. We are thus enabled to sell a better house for less money than can possibly be built by a private individual. This we can prove to you if you will give us the opportunity.

Owing to our extended operations we are enabled to sell our houses on easy terms, just as low as for all cash.

WE OFFER THE FOLLOWING LIST:

Nos. 3225 and 3229 Wabash-av.—3-story 10-room, rock-faced buff Bedford stone fronts; stone steps, finished in hardwood throughout, with polished hardwood floors in hall, reception-room, and dining-room, wood mantels, latest improved grates; elegant buffet with beveled plate mirrors in dining-room; gas-fixtures wired for electric gas lighting; walls tinted and decorated; butler's pantry with sink; large light kitchen; basement contains laundry with metal tubs; furnace, fruit room, etc.

In sewerage and plumbing we spare no expense, but use the best to be had.

This location is the best on Wabash-av.; frontage all built up with fine private residences; only one block from station on alley elevated, one block to State-st. cable; lots 175 feet deep to 20-foot paved alley; price $11,500.

Nos. 3234, 3236, and 3238 Vernon-av.—Same as those described above; are convenient to Ill. Central station at 31st-st., also Cottage Grove cable cars; price, $11,000.

We are just completing 4 elegant private residences, Nos. 4241, 4243, 4245, and 4247 Drexel-blvd., which are well worth your attention; they have been pronounced by experts in building very cheap at the price, $18,000.

Our houses are all open for inspection week days and Sundays.

All but three of these are full 7⅓ octaves, and the cases are rosewood, burl walnut, and ebonized.

While this is an unusually fine list, representing all the noted makers, we appreciate the fact that it is a large list, and to dispose of them rapidly we will sell very cheaply.
First callers or correspondents will obtain first choice.

CALLS IT A STEP BACKWARD.

Democratic Losses at the Late Election in New York.

New York Sun (Dem.): There are about 1,100 townships and villages in this State, and these elect their Supervisors in March or in April. Each village or township ward elects one Supervisor, and the success of either political party in these spring elections, the other local officers being chosen on the same day, puts the successful party in good shape for the general election which follows in November. It is on this account chiefly that the township elections are of considerable political importance.

In forty-eight of the sixty counties in New York State elections have just been held, with the result that the Republicans have carried 585 villages and towns against 515 one year ago, the Democrats having suffered a corresponding decrease.

The change, unimportant in its direct effects, is significant because at last year's spring elections the Democrats made a material gain over 1889, and have been accustomed for many years past to net gains and not losses.

In examining the returns no escape is possible from the conclusion that in popular confidence and regard the party has taken a step backward since January. Let us look and learn.

Oneida, which includes the Cities of Utica and Rome, has been since the days of Seymour and largely on account of its central position, one of the most important counties of New York, politically speaking. It went against Hill in 1888 by a majority of 864 votes and against Cleveland by 1,968. These are the figures in Oneida:

SUPERVISORS ELECTED.

1889—Democrats	20	Republicans	23
1890—Democrats	28	Republicans	15
1891—Democrats	15	Republicans	28

Monroe County includes the important City of Rochester. Since William Purcell refused in 1884 a place upon the Cleveland Electoral ticket Monroe County has been known and acknowledged as the home of Democrats who fight and do not flinch, for whom entangling mugwump alliances have no attractions. Miller's majority in Rochester was 961, Harrison's 2,627. Here are the figures from Monroe:

SUPERVISORS ELECTED.

1889—Democrats	13	Republicans	22
1890—Democrats	18	Republicans	17
1891—Democrats	12	Republicans	23

But more surprising and significant than the result in either Oneida or Monroe is that shown by the figures in Chemung, the home of the Democratic Governor, Hill, and the watch-tower of Democratic hopes in the southern tier. We append the totals in Chemung:

SUPERVISORS ELECTED.

1889—Democrats	13	Republicans	5
1890—Democrats	12	Republicans	6
1891—Democrats	7	Republicans	11

How can these changes be explained?

WAR ON ROMAN CATHOLICS.

The Oath Which Members of the American League Are Required to Take.

MEMPHIS, Tenn., March 16.—The *Catholic Journal*, published in this city, prints in its current issue what it says is the oath that every member of the American League is obliged to take on initiation into that organization. The *Journal* says that it received a copy of the oath through a friend, to whom it was sent in the belief that he was in sympathy with the movement and would become a member of the league. This extract is from the oath:

"I will not knowingly vote for, recommend for, nor appoint, nor assist in electing or appointing a Roman Catholic to any political position whatever. The steady encroachment of the Roman Catholic Church upon those institutions of our country which we have so fondly cherished, and which we believe underlie the whole fabric of free government, have impelled us into fellowship in this order, which we trust Divine Providence will use as one of the instruments in his hands to effect the overthrow of that terrible power which has so long cursed the world. For your own security and the public good let your influence be felt in the advancement of Protestants rather than Romanists to positions of political power, trust, or emolument. As a member of this order seek to control party."

The *Journal* says editorially: "As may be seen from the above, a desperate effort is being made by a certain anti-Catholic element to deprive citizens—because of their religious convictions—of the rights guaranteed by the Constitution of the United States. These men claim to be good and true Americans, and yet they are banded together for the purpose of violating one of the most essential clauses in the Constitution of their own country. . . . Illinois is now the hotbed of this organization of vipers, and they are utilizing their full strength in the Chicago municipal campaign to prevent any Catholic being placed in nomination. There is only one sure method of uprooting this deadly evil, and that is the remedy that Chicago applied to a few of the leaders of the Anarchist movement."

Pullman and Wagner Cars.

A practical demonstration of the comparative merits of Pullman and Wagner sleeping-cars is afforded by the vestibuled limited running between Chicago, St. Paul, and Minneapolis, which leaves Chicago at 6 p. m. daily via the Chicago and Northwestern railway. Both Pullman and Wagner cars are operated upon these trains, and the cars in service are the most modern and sumptuous productions of the two companies. The entire train is lighted throughout with Pintsch gas, and is the handsomest and most comfortable train now running between Chicago and the Twin Cities. Tickets and sleeping-car reservations can be procured at ticket office, No. 208 Clark street and passenger station, corner Wells and Kinzie streets.

Clearings at the principal cities of the United States yesterday and a week ago:

New York	$104,450,432	$94,647,244
Boston	14,344,099	15,313,813

Philadelphia	11,236,081	10,015,210
St. Louis	3,362,010	3,750,358
Baltimore	2,253,988	2,454,353
New Orleans	1,156,869	1,787,734

New York exchange was quoted as follows yesterday: Chicago, 60@70c discount; Boston, 17@20c discount; St. Louis, 60c discount.

The routine grind of business goes on at the banks with only moderate activity and with nothing to merit special comment. What change there is to be noted in the situation is in the direction of easier money. There is no doubt some money is being loaned at less than 6 per cent and where over that rate is now obtained it is decidedly exceptional. The statements of the State banks are now being made in answer to the call of the State Auditor for March 12. They present no more reasons against easy money than did the recent statements of the National banks.

Some interesting comparisons of the present condition of Chicago's National banks has been made with their condition twenty-one years ago. The growth of capital has not been nearly so marked as has the increase in deposits and discounts. Oct. 9, 1869, the capital stock of the Chicago National banks was $5,900,000. It is now $16,806,645. Individual deposits amounted to $10,344,533. Now there is a single bank that has deposits considerably above that and the aggregate is now $45,738,000. Loans in 1869 were $11,-027,116. They are now $72,044,687.

Sterling exchange again advanced yesterday. The reports of the engagement of $1,000,000 of gold for shipment were confirmed. The Treasury Department is receiving much commendation for its course in refusing to put a price on gold bars, thus forcing exporters to ship coin. It is only taking the same measures to check gold exports that the Bank of England took when we wanted gold not long ago. Quotations were 486@486½ for sixty-day bills, and 488@488½ for demand. Documentary sixties were 484¾, and documentary demand 487. Wilson and Sturges reported New York exchange selling at 50 cents discount, and closing at 70 cents discount. While New York exchange has been 70@80 cents discount here in St. Louis it has been 70@80 cents premium for several days. Chicago took advantage of that yesterday and sold in the St. Louis market, with the result that rates broke to 25 cents premium and par. Chicago banks ordered considerable shipments of currency from New York yesterday.

There was a moderately active and an uneven market at the Stock Exchange yesterday. The most active and the weakest stock was Street's Stable Car. It opened at 33½, but under free selling went down to 31¼. There was a reaction at the close and the last sales were at 32¼. There has been no authoritative statement regarding the next dividend. Insiders say that not a share of inside stock has been sold during the present depression, but the market seems to have a constant supply of large blocks of the stock from some source that always staggers it the moment there are any indications of an upturn. Calumet Dock was strong, the stock advancing and closing at the highest of the day. Yesterday's list of sales was as follows:

New York Biscuit company stockholders yesterday received a circular stating that the directors at a meeting held in New York Monday declared a dividend of 2 per cent payable April 1 to stockholders of record at the close of business March 21. Transfer books were ordered closed from March 28 to April 1 inclusive. No explanation is offered as to what made necessary this reduction of the annual dividend rate from 10 per cent to 8 per cent. The last official utterance the stockholders had was when they were assured at the annual meeting a month ago that the earnings of the company last year were equal to paying 11 per cent on the stock and putting over $200,000 to the surplus account, and that such a record was made in the face of all the unfavorable conditions attending the organization of the combination. The natural inference was that beginning the new year with all the various interests of the combination well in hand, as it did, earnings would at least compare favorably with last year. The circular makes no statement that the dividend has been earned and officers of the company when questioned will not say that it has been earned, the President saying that he did not know whether it had been earned or not, but if it had not been earned there was in any event enough in the surplus fund to pay it. The reason put forward for the falling off in earnings is that the price of flour has advanced so that it costs the company $35,000 a month more than it would at the prices of a year ago, while there has been no advance in the prices obtained for goods.

The plan for the establishment of a semi-weekly auction department for unlisted securities at the Stock Exchange was taken up by the Governing Committee yesterday afternoon. After some favorable discussion it was referred to the Listing Committee to develop the plan in detail.

GOSSIP ON 'CHANGE.

There was another lively day on the floor yesterday. The volume of trade was large and fluctuations were frequent enough and over a wide enough range to satisfy almost any one. While the early feeling in all the pits was weak grain recovered unexpectedly, while provisions showed less buoyancy. The weather in the West was rainy or cloudy. There was an area of low temperature in the Northwest, which may reach the winter wheat country today or tomorrow.

A New York message stated that the fields from Ohio to the East were covered with ice, and that there were no indications of spring.

Latest quotations on privileges follow: Puts on May wheat $1.01½ and calls $1.03¼@1.03⅜; puts on May corn 63c and calls 64⅜c.

Owing largely to current high prices winter white rye on the sample market is in many instances commanding a premium over dark colored lots.

Bradstreet's showed a decrease in the available stocks of wheat east of the Rockies of 430,000 bu and an increase west of the Rockies of 150,000 bu, a net decrease of 280,000 bu. Corn increased 369,000 bu and oats decreased 222,000 bu.

Kroeschell sold on the sample market two cars No. 2 Washington blue barley at 78c free on board. This is the first transaction in this grade for a long time, there being little offered in the market. There was some call yesterday for good malting barley to arrive, but traders were about 1@2c apart, and little business was possible.

St. Louis was bullish all day and bought freely through its Chicago connections. One of the reasons for its position was that Henry Yaeger, a prominent miller there, had just returned from abroad and printed a gloomy picture of the prospects in France. His opinion is that the condition on the Continent is really much worse than realized over there.

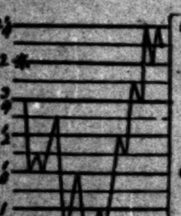

The traders who believe that present prices for wheat are too high point to the fact that the receipts at primary markets are much heavier and shipments not proportionately larger than a year ago. Yesterday, for instance, the receipts of wheat footed up 490,000 bu, fully 160,000 bu more than on the corresponding date a year ago. The receipts for two days are nearly 500,000 bu greater than the same days a year ago. The shipments for the two days were only 150,000 bu more than those for the same days in 1890.

A receiver said that the sale of through-billed corn at 61c, from Illinois points which are included in the list of towns with a through rate to Eastern cities at 110 per cent of the Chicago rate, was really equivalent to a 63c price free on board cars here, or something like ½c under the May price for No. 2 mixed. This, too, for No. 3 and No. 3 yellow, which will not pass on contract. While there were numerous recorded sales of through-billed at 61c, and even a shade more, nothing was reported as high as 63c local.

One of the strongest features of the morning was a message to Adams & Samuel from their St. Louis correspondent stating that they had received advices from Washington and Oregon that there was no more white wheat for sale for shipment East. Coming as it did about the time the late cables showed an advance on the other side it was largely responsible for the sharp upturn in wheat. The believers in higher prices have all along been bothered by the quantities of white wheat coming East and the information forwarded from St. Louis strengthens the situation and bears out a statement made by Hazlehurst not long ago that they had shipped about all the wheat that could be spared from the far Northwest.

The cash business reported at Duluth and here was one of the strong features of the session. A message from the former place to Geddes said: "Eighty thousand bu No. 1 Northern taken for shipment at the opening of navigation. Also 40,000 bu No. 1 Northern for immediate shipment all rail." It was noted that if the buyers would wait 30 days their freight would be about 8c per bu less, and it was urged that this indicated that the Eastern millers must want the wheat very badly to be willing to pay the difference. Baker worked 50,000 bu No. 2 spring for export late in the session, to go East all rail. St. Louis reported a sale of 75,000 bu for export. They have finished loading the first 100,000 bu wheat for France and will start on the second 100,000 tomorrow.

THE MARKETS.

With indifferent cables and favorable crop conditions in this country there was a raft of wheat for sale at the opening yesterday, and first sales were made at ⅛@¼c under the closing prices of the previous day. Private cables noted the fact that there was fine weather on the Continent, and that there was an easier feeling in the markets there. The local receipts were a little over the estimates, Minneapolis and Duluth received more than expected, and the crowd was induced to sell freely on these facts. Then *Bradstreet's* figures on the available supply of wheat, which, it was generally expected, would show a large decrease for the week, came with a net decrease of less than 300,000 bu, and the weakness was increased. But just about the time every one thought the market was going all to pieces the late cables came with higher prices at all points, domestic advices took a bullish turn, and there began to be talk of a good deal of business in cash wheat for immediate shipment East and for export. This information caught most of the professionals short and there was a sharp reaction, the market closing ¼c under the top price of the day at $1.02¾@1.02⅞ for May. There was a fair demand for samples. Sales in store and to go to store were made at $1.00½ for No. 2 red, 97½c for No. 3 red, 97c for No. 2 Turkish, and No. 2 on private terms. Hutchinson, Milmine-Bodman, Irwin-Green, Logan, Kennett-Hopkins, Lamson, Baldwin-Farnum, and McCormick were among the notable sellers of the session. Prominent on the buying side were Kammerer, Mitchell, Poole, Rumsey-Chandler, Adams-Samuel, Dunham, Norton-Worthington, White, and Parker. Free on board lots of No. 3 red winter sold at 95@98c, No. 4 do at 85@88c, and No. 3 spring at 90c@$1.00. Total cash sales about 46 cars and 50,000 bu.

Cables were higher on corn and the weather was not especially favorable. While the local receipts were larger than expected there was an active demand for corn to ship and very little of the speculative property was for sale early. The market opened higher than the close of the previous day, but sold off in sympathy with wheat and pork. At 62¾c the market turned when wheat began to advance and a lot of the traders who had sold for a heavy break were badly caught, and were forced to bid prices up on each other. There was a reaction to nearly the top prices of the day, the market closing firm at 63⅝c for May. The demand for samples was active and prices on through billed advanced ½@1c. There were sales in store and to go to store at 62@62½c for No. 2 and No. 2 yellow, 60c for No. 3, and 61c for No. 3 yellow. Sample sales were at 59@60½c for No. 4 mixed, 60@61¼c for No. 3 and No. 3 yellow, and 56¼@60c for ears. Through billed No. 3 and No. 3 yellow sold at 59½@61½c.

Oats averaged lower in price, but the early decline of ½@1c was eventually recovered, with only a moderate speculative business scored and real dullness attendant most of the time. The former demand for account of shorts was missing, and some long oats came out, especially the July delivery, and the later strength was in line with the other grain pits. May sold at 52¾@53⅜c, and closed at the outside, with June dull at about ½c discount, and July firm at 49¼c asked after selling at 48⅞@49½c. August sold sparingly at 37@37½c. No. 2 oats in store were quiet at 51@52c, and the large sample offering active and easier. Free on board sales were at 50¾@51¾c for No. 3 mixed, 51¼@53¼c for do white, and 52¾@53½c for No. 2 white.

In rye the absence of speculative interest which has been prevalent all the week was again the only feature, and there was really no market. May was said to be on sale at 91½c, but buyers held aloof at any price, with July quotable at 83c. No. 2 samples sold at 90@91½c, through billed and free on board, indicating about ½c decline. Barley was steady, with desirable grades firm in tone. The offerings were fair but not large, and the inspection sheet showed withdrawals of 17,048 bu. Free on board lots sold at 66@71c for No. 3 and 63@68c for No. 4.

Provisions opened firm on moderate receipts at the yards, higher prices for hogs, and a higher foreign market. Eastern markets were steady to firm. There was a moderate shipping demand. The country holders of hog product came on the market early as large sellers, and prices suffered a marked decline. It seemed to be generally the impression that they were influenced by the temporary weakness in wheat and corn. Cudahy was a large seller, and his sales had considerable effect on the attitude of the local crowd. Rosenbaum was among the notable buyers. Cash pork was quotable at $11.00@11.12½. May lard opened at $6.40, declined to $6.35, to $6.40, to $6.37½, and closed at $6.40, with cash lots at $6.20@6.22½. May ribs opened at $5.50, sold to $5.42½, to $5.52½, to $5.42½, to $5.47½, and closed at that, with cash lots $5.25@5.35. Cash sales included 500 tcs lard at $6.20, 75,000 lbs green hams at 7c, 200 boxes short clear sides at $5.60, and 300 brls beef hams at $16.00.

The flour market was quiet locally, but there was a little doing in an export way. One dealer reported the sale of 1,000 sacks winters to London. Prices are unchanged.

Millstuffs were in moderate supply, with desirable lots firmly held. Bran sold at $18.75@19.00, with a car of choice to arrive at $20.00. Middlings went at $19.00 and wheat screenings at $14.50.

Flaxseed for May delivery opened quiet and dull at $1.20, and subsequently advanced 1c, to $1.21, with 10,000 bu taken at that figure, other futures remaining inactive. The few cars on the sample market met indifferent reception, averaging fully ½c lower, at $1.20, barely touching $1.19½ on track, with free on board at $1.20½. Total about 10 cars. Timothy seed showed no improvement over a recent position of dullness, with the market favoring buyers. The quality of the cash supply was rather common, and sales were at $1.00@1.28; a car of good country seed sold at $1.24 in exchange for March prime at $1.30. Futures in a regular way were lifeless. Clover-seed was fully 5c lower, with $4.40 paid for March or prime.

In the wholesale street produce markets a fair aggregate business was scored without much real activity, prices usually remaining steady. A notable exception was the egg market, which was unusually strong and higher, with offerings meager and salesmen enabled to secure almost any reasonable advance over recent quotations. The receipts were abnormally small, due in part to bad roads in the country, but with advices of early shipments from the interior buyers took hold rather sparingly. Butter and cheese were in fair request, with the latter firmly held, vegetables were quiet, and fruits wanted when choice. Reserves of cranberries of choice quality were small, and such were held at outside figures.

GENERAL MARKETS.

BUTTER—Buyers were present for fair quantities of sweet butter which could be secured at figures below 30c, but fine to fancy lots, which were held at outside prices, moved slowly, and the market was not entirely satisfactory to dealers. Quotations showed no essential change. Fancy separator goods, 31@31½c; fine, 30@30½c; fair to good, 27@29c; fancy dairies, 27@28c; medium to good, 22@26c; roll butter, 20@23c; packing stock, fresh, 18@20c; old, 6@9c.

BUTTERINE—Dairy, solid, 13c; extra dairy, 15c; fancy creamery, 19c; rolls and prints, ½c additional.

CHEESE—Trade was fair, with a recent firmness continued, most of the current receipts being winter made goods. An occasional lot of fine creamery, which had been in store in the country, is sent in and the general tone is one of confidence. Quotations: Strictly choice full cream twins, 11¼@11½c per lb; do cheddars, 10¾@11c; do Young Americas, 11¾@12c; full cream goods, though slightly less desirable, sell at a fractional discount from above; pound skims, 9½@10c; hard skims, 4@5c; brick cheese, 12@14c.

EGGS—This market was "feverish," to quote a prominent dealer, with prices uncertain and materially higher. The receipts were small, the demand urgent, and the street nearly bare of stock, and in consequence bids were advanced and eggs quoted firm at 20c per doz, or fully 3c advance; it was even intimated that a further premium might be scored were holders disposed to do so. The condition was abnormal and buyers only took needed supplies, expecting only a decline almost as sharp as was the advance.

GAME—The offerings consisted chiefly of ducks and rabbits, the latter being in marked neglect at the quotations: Good to choice mallard ducks, $2.25@2.75 per doz.; red-heads, $2.75@3.00; teal ducks, $1.75@2.00; small ducks, $1.00@1.50; jacksnipe, $1.25@1.50; rabbits, 25@50c.

GREEN FRUITS—The usual trade was recorded, with oranges in good demand; Floridas were relatively scarce, but Californias plentiful and favored by purchasers. Cranberries ruled slow, with fancy stock in light supply and firmly held. Quotations: Good to fancy apples, $4.75@8.00 per brl, and common stock, $3.50@4.50; bananas, $1.25@2.25 per bunch; Messina lemons, $3.50@4.50 per case; Florida bright oranges, $3.00@3.50 per case; Indian River, $4.00@4.75; California Riversides, $3.00@3.50; Washington navels, $3.75@4.50; cranberries, Wisconsin bell and cherry, $8.00@9.00 per brl; bell and bugle, $12.00@12.50; Cape Cod, $12.00@13.00; pineapples, $2.00@4.00 per doz; strawberries, 25@35c per qt.

HAY—There was a fair all around trade, with timothy wanted and prairie steadier in decreased offerings. Sales were: On track, 3 cars No. 1 timothy at $11.25@11.50; 16 cars upland prairie at $8.25@9.75. Receipts, 710 tons; shipments, 56 tons.

HIDES—In the absence of quotable change former prices are continued: No. 1 light and heavy green salted, 6¼@6½c per lb; No. 2 do, 5@5½c; bull hides, 4½@5c; No. 1 calfskins, 8c; No. 2 do, 5½@6c; deacons, each, 25@35c.

POTATOES—Nothing particularly new was reported in the potato trade, with prices covering a wide range. Good merchantable stock for consumptive purposes was wanted at $1.10 and better, while fancy lots for seed commanded a marked premium over standard quotations. Fair to choice Burbanks, $1.07@1.09 per bu on track. Rose and Beauty of Hebron, $1.05@1.08; common and mixed lots, 90c@$1.00. Sweet potatoes—Illinois stock, $2.75@3.50 per brl.

POULTRY—This market moved along in a steady and uneventful manner, as during the earlier days of the week, with a fair demand at steady prices. Receipts were moderate. The following were the quotations: Good to choice hen-turkeys, dressed, 14@14½c per lb; mixed lots, 10@12c; gobblers, 10@12c; dressed chickens, 9@10½c; roosters, 5@6c; dressed ducks, 11½@13½c; dressed geese, 8@8½c; live geese, full-feathered, $5.00@7.00 per doz.

VEGETABLES—The usual array was noted, with a fair inquiry for attractive green stuff at the quotations: Old vegetables—Beets, $1.75@2.00 per brl; cabbages, $8.00@9.00 per 100; onions, $1.50@1.65 per bu; and $4.50@4.00 per brl; carrots, $1.00@1.25 per brl; rutabagas, 20@22c per bu. New vegetables—Asparagus, 50@75c per doz; celery, 20@35c per doz; cucumbers, 75c@$1.00 per doz; green onions, 25@30c per dozen bunches; lettuce, 25@35c per doz; new cabbages, $2.50@3.00 per crate; pie-plant, 35@60c per dozen bunches; radishes, 25@40c per doz; spinach, $1.00@1.50 per brl; tomatoes, $1.00@1.25 per 10-lb box, Florida grown.

WHISKY—The market was steady on the basis of $1.16.

Receipts at Chicago for 1891 to date foot up 643,300 cattle, 17,692 calves, 2,574,096 hogs, and 504,400 sheep, or a decrease of 18,121 cattle and an increase of 875,736 hogs, 70,098 sheep, and 2,632 calves, compared with the corresponding period last year.

CATTLE—The run of cattle was quite large, and the number of "good" cattle larger than usual, but the outside demand for cattle was brisk, and anything suitable for shippers and exporters sold 5@15c higher, while cattle that had to go to dressed beef men sold barely steady, in fact some dealers reported undesirable grades 5@10c lower. Refrigerator men "were not in it," that is they purchased indifferently, and wanted them lower, but the outside demand was unusually active and knocked the calculations of the local buyers and some of them failed to "get a killing." The general market closed quiet. Eight loads of 1,582@1,749-lb steers sold as high as $5.85@6.20. All the cattle above $5.70 went to shippers. Exporters bought largely at $5.10@5.50; shippers largely at $4.40@4.80. Some 1,135-lb steers sold up to $5.20; some 1,130-lb steers at $5.00, and 1,282-lb Short Horns at $5.60. Very few steers sold below $4.25. Extra "beef" cows sold up to $4.50, while old canning cows sold as low as $1.25. Stock cattle sold at $2.60@4.10. Quotations:

Comparatively few 300@400-lb hogs numbered among the arrivals, while 100@150-lb pigs were more plentiful. Only 3,000 pigs and hogs remained in the pens, largely in possession of speculators. Heavy sold at $3.70@4.15, bulk at $3.95@4.05; mixed and light, $3.65@4.10, largely at $3.85@4.00. Pigs sold principally at $3.00@3.80, with some, averaging only 141 lbs, at $3.90.

POSITION OF WOMEN IN METHODISM.

The Attempt to Minimize the Influence of the Female Sex Discussed.

Evanston, Ill., March 18.—[Editor of The Tribune.]—The deliberate attempt made today to minimize the position and influence of women in Methodism ought to be rightly understood as the action of a minority and not the wish expressed or understood of the majority of Western Methodists. The numerical proportion of women in Methodism has increased with the years. The "United Society" at the Foundry Meeting-House, from which "sprang the Methodism that was to overrun the world," numbered twenty-five men and forty-eight women.

Susanna Wesley holding her "conventicles," reading sermons to audiences of 200 and 300, doing whatever she felt called of God to do, whether it were cooking, praying, or preaching—this woman, considered so remarkable by the earlier historians of Methodism, seems to have been dropped from the books of our recent church writers. It is certainly amusing enough to celebrate a man's death, but surely without a woman upon the program of the evening it would have been still more absurd to have celebrated the birth of John Wesley.

The spirit of the Methodism of the days of Susanna Wesley and Barbara Heck is not the spirit of the Methodism of today. The spirit of early Methodism was anti-ecclesiastical. Today it is ultra-ecclesiastical. "I suffer not a woman to teach," was not the shibboleth of the Wesleyan movement.

During the last few months there has been a bill before the New York Legislature relating to the prohibition of the liquor traffic in that State. In all that time but two or three editorials appeared in the New York *Christian Advocate* upon that important subject, while many columns in every issue were devoted to the depreciation of the position and influence of woman in Methodism. One of these women, who has for years led the van of organized temperance workers against the liquor power, has been the special target of the editor of the New York *Christian Advocate*. He has tried to terrorize invertebrate Methodists by asserting that Miss Willard and the Woman's Christian Temperance Union were scheming to annex the Methodist Church to that organization—that is, an organization consisting of less than 200,000 members scheming to annex a church having 2,000,000 members. This would be amusing were we not ashamed of such pitifully weak logic emanating from the official organ of our church.

To find the name of this editor upon the program for the Wesley centennial celebration in Chicago and not also the name of the woman whom the London *Methodist Times* calls "the most prominent Methodist woman in the world"—and this, too, within twelve miles of her home—is a fact deeply deplored by that large majority of Methodist men and women in the West who do not sympathize with the policy pursued by the New York *Christian Advocate*, and which they believe to have been already a source of great harm to the church.

The Cure for Drunkenness.

Mexico, Mo., March 12.—[Editor of The Tribune.]—Regarding the wonderful cures effected by Dr. Leslie E. Keeley of Dwight, Ill., I know of my own personal knowledge of some twenty-five or thirty persons from this community who have been permanently relieved of the whisky habit. Not a failure has been made of persons here and not a patient has broken over. I take great pleasure in recommending Dr. Keeley and his treatment. I consider his cure certain and permanent.

ANDREW D. WHITE FOR GOVERNOR.

The Ithaca, N. Y., "Journal" Nominates Him as the Only Republican to Win.

Ithaca, N. Y., March 17.—The Ithaca *Journal* (Republican) created a sensation in this section tonight by nominating Andrew D. White, ex-President of Cornell University, for Governor. The *Journal* despairs of Republican success with any other candidate, and says that to carry into the struggle the heartburnings of antagonistic leadership is to invite defeat before the oratory of the convention has died away. Mr. White has been in this city the last winter, and it is probably with his consent that his name has been proposed. He is connected with the university only as an occasional lecturer, so that Cornell would have no claim to hold him.

The professors are highly pleased with the presentation of Mr. White's name, as he is a broad scholar, a diplomat, and most pronounced in his views of municipal reform. His ability as a diplomat was shown when Commissioner to San Domingo and Minister to Berlin. He was also State Senator when Cornell University was founded, and was one of the chief movers in the act which gave the land script to Cornell. In presenting Mr. White's name the *Journal* says:

"Looking the field carefully over there is apparently but one name upon which Messrs. Platt, Miller, Depew, Hiscock, Belden, Fassett, Sloan, and other recognized leaders could harmonize and fraternize, for he is the friend of all and the servant of none. Here is a golden opportunity for the manifestations of our party through a great service to the State."

Gould's Southwestern Consolidation Scheme.

New York, March 18.—The *Journal of Finance* says: "Confirmation is now given to the announcement, hinted at a few days ago, that the Gould, Huntington, and Atchison people had brought their interests, as represented by the Union Pacific, the Missouri Pacific, the Southern Pacific, and Atchison railroads, into even closer relations than have hitherto existed. It is now understood that a new traffic alliance, the regulations of which are extremely stringent, has been drawn up to govern the business of these four great Western properties and nothing is needed but the signature of the responsible persons to the agreement to put it into active operation. These signatures have, however, been withheld so far owing to the fact that a distribution of percentages of business that will be perfectly satisfactory to all parties has not been determined on. Not that there has been any attempt on the part of any one road to secure for itself an illegally large share of the combined business of the four roads. The contention so far has been perfectly amicable and no suggestion or suspicion of unfairness has been made. Arrangements for a completion of the work are progressing favorably and the compact may be entered on at any moment. It is said that in case this agreement shall work successfully Mr. Gould will make still closer traffic arrangements between the Union Pacific and the Missouri Pacific and the Atchison. Mr. Gould is said to be determined to bring this about, as he sees in the arrangement an outcome to many complexities."

Combine of Paris Green Manufacturers.

Ottawa, Ont., March 18.—The Customs Department has been notified that the manufacturers of paris green in the United States are quoting the article for shipment to Canada at 11 cents per pound, but they decline to quote prices for home trade until after April 1. It is evident that a manufacturers' combine exists in the United States.
